Enye yamaphrojekthi i-SADiLaR ewenzayo njengamanje ibizwa 'Health resources in the official languages of South Africa'. Le phrojekthi yenziwa ngaphansi kwe-Department of Health and Rehabilitation Sciences/Child Language Africa kuMkhakha Wezesayenzi Yezempilo eNyuvesi yase-Kapa. Le phrojekthi ihlela ukubhala imithombo yezempilo etholakala ngezilimi ezisemthethweni zaseNingizimu Afrika.

Imithombo yezempilo iyizinto ezinjengamakhweshine okuskrinwa kanye nokuhlolwa okumaqondana nokuxilongwa okwenzelwe ukuthi kusethenziswe esimweni sokunakekelwa ngokwezempiro kweziguli nemindeni ngongoti bezempilo (isib. udokotela, umhlengikazi kanye ne-physiotherapist). Inhloso ukusungula idathabhesi yale mithombo ukuze isetshenziswe ngabasebenzi bezempilo ekufinyeleleni izinto ezitholakalayo.

Le phrojekthi ihlose ukuxhasa imizamo yokuthuthukiswa kwemithombo ngezilimi zakuleli lizwe kanye nokudlala indima ekusebenzeni kangcono kwezinhlelo zonakekelo lwezempiro kuwo wonke umuntu kuleli lizwe. Ngokuhamba kwesikhathi idathabhesi izokwenza ukuthi ongoti kwezempiro bakwazi ukucinga izinto zezokwelapha ezitholakala ngezilimi zakuleli lizwe - iphinde ithuthukise imithombo eminingi lapho kunezikhala khona.

Abaholi bale phrojekthi ngu-Michelle Pascoe (ongumqondisi aphinde abe ngu-Associate emkhakheni we-*Child Language Africa / Communication Sciences and Disorders*), no-Olebeng Mahura (ongumfundisi emkhakheni we-Communication Sciences and Disorders) kanye no-Jessica Dean (ongumfundisi emkhakheni we-*Communication Sciences and Disorders*). Ngesikhathi kusaqhube ka le phrojekthi basize izitshuden eziyi-14 ezisemkhakheni wezifundo ze-Speech-Language Therapy ebeenza unyaka wokugcina/ze-honours.

Kuze kube manje leli thimba locwaningo selwenze ukubuyekezwa kwezemibhalo okubili okumaqondana nokuphendulwa kwemibuzo yethiyori emayelana nemithombo ekhona kanye nendlela ezasungulwa ngayo. "Esikhathini esizayo, sihlela ukusungula ezobungoti nezolwazi kwezesayensi okumayelana nokuhlolwa kwamakhono okuphilisana kangcono ezimweni ezihlukahlukene", kusho umholi wephrojekthi u-Michelle Pascoe. Okwamanje le dathabhesi iqukethe imithombo engama-400 emelwe yizo zonke izilimi ezisemthethweni zaseNingizimu Afrika. "Sizoqhube ka ngokufaka imithombo kule dathabhesi futhi sibheka nezindlela ezizokwenza ukuthi le nqubo izenze yona ngokwayo, ngakho-ke simema nabacwaningi ukuthi babambe iqhaza ngqo kulokhu", kusho u-Pascoe. Le ngxenyne yale phrojekthi igxile kumithombo yezilimi ezisemthethweni zaseNingizimu Afrika, kepha ingxenyne enkulu yeprojekthi yethu ibandakanya ukwenza idathabhesi yemithombo yezempilo e-Afrika.

Izinhlangano okuyi-Council for Scientific and Industrial Research (okuyi-CSIR) kanye ne-Aweza bezisebenzisana ekusungulweni kwe-mobile application eyingqayizivele eyenza kube lula ukuxhumana phakathi kwabahlinzeki bokunakekelwa kwezempiro kanye neziguli. I-Aweza esike yawina nendondo yomhlaba kwezobuchwepheshe izama ngawo wonke amandla ukusiza nokugqugquzelu ekwenzeni ukuthi kube lula ukuxhumana kuyo yonke imikhakha emphakathini waseNingizimu Afrika.

I-mobile application, okuyi-AwezaMed COVID-19, isungulwe yi-CSIR futhi isebenza kunoma yiluphi uhlolo lwe-Andriod smartphone iwubuchwepheshe bezilimi ezisetshenziswa kuleli lizwe, njengokuthi iyakwazi ukucosha inkulomo, isebeenzisa nobuchwepheshe bokuhumusha ngomshini, iyakwazi futhi ukuguqula umbhalo ube yinkulomo. Yenza ukuthi abahlinzeki bokunakekelwa kwezempiro bakwazi ukuthola amagama esiNgisi kuyona, iwahumushele kunoma yiluphi ulimi olusemthethweni eNingizimu Afrika, futhi iyakwazi ukudlala lokho okukhulunywayo ngalolo limi olusuke lukhethiwe ngaleso sikhathi.

Ngesikhathi iqala ukusebenza beyiqukethe lokho okumayelana nokunakekelwa kwezempiro okumaqondana nokukhulelwa kanye nokunakekelwa kwabantwana, kepha le-application isiyenziwe ngcono ngoba sekufakwe nolunye ulwazi kuyo olumaqondana ne-COVID-19 futhi uyithola ngokuyidawuniloda ku-Play Store. Isetshenziswa mahala.

"Uma ukuxhumana kuba lula phakathi komhlinzeki wezempiro kanye nesiguli, kwenza ukuthi kube nokuthembana phakathi kwabo. Phezu kwalokhu, ukuxhumana kalula kugcina

ubumfihlo phakathi komhlinzeki wezempiro nesiguli, kubuye kusindise nempilo," kusho uDkt Karen Calteaux, ongumholi we-CSIR Digital Audio-Visual Technologies Research Group.

Lokho okuqukethwe yile application kusungulwe ngokubambisana nongoti bezempiro futhi kuhloswe ngakho ukusiza izisebenzi zezempiro ukuthi zikwazi ukuxhumana kalula zizwane neziguli ezikhungwini zonakekelo lwezempiro, ikakhulukazi ekuhlinzekeni ngosizo olulobene nayo kanye nokuhlungwa kwabantu ngesikhathi se-COVID-19.

UDkt Calteaux uyaqhube ka nokuchaza ukuthi "le phrojekthi ye-AwezaMed yaxhaswa nguMnyango Wezemidlalo, Ezobuciko Namasiko, ngenhloso yokuxhumana kalula nokuzwana phakathi kongoti bezempiro kanye neziguli emitholampilo. Kwase kuthathwa isinqumo sokuthi kusungulwe olunye uhlolo lona oluzogxila ekwenzeni ukuthi kube lula ukuxhumana phakathi kongoti bezokwelapha abelapha iziguli ezine-COVID-19."
