I-DIGITAL HUMANITIES KANYE NEMHLABA WETFU

“Ngabe ishoni kuwe i-Digital Humanities (DH)? Ngutiphi tindzawo temphakatsi letingazuza kuyo? Utsini ngekukujabulisa kwe-DH futsi ulibonaphi likusasa le-DH e-Afrika/nobe emhlabeni wonkhe?” Lenamibuto leyavetwa kutisebenti teSADiLaR. Lokulandzelako sifinyeto setimphendvulo lebaniketa tona.

Uma babutwa kutsi i-DH ngabe ishoni kubo, timphendvulo tetisebenti teSADiLaR betivumelana ngencenye yekuhlanganyela lenayo i-DH. Ingumkhakha lapho khona simo sekubukisisa ngeTebantfu letivamile singafezeka futsi siyakhutsatwa. Lokunye kuvumelana lokuvamile kube kutsi kuphenyisiswa kwetihloko letahlukahlukene kuyincenye lemcoka yendlela lebonwa ngayo i-DH. Umuntfu angasho kutsi imphele akunamkhawulo kuloko lokungentiwa ku-DH; umuntfu akavami kwehluleka, futsi ufundza njalo. Lenye imphendvulo lebalulekile itsintse kusebenta kwe-DH ibamba indzima ekwenteni lucwaningo lufinyeleleke kakhulu kubantfu labanyenti kunakucala. Lemicondvo yekuhlanganyela, kucabangisisa kanye nekufinyeleleka imcoka kakhulu, futsi kuyakhutsatwa kutsi iSADiLaR iyitsatsela etulu lemicondvo kulendlela lesebenta ngayo ku-DH.

Umbuto lolandzelako bewuphatselene nenzuzo ye-DH emiphakatsini. Imphendvulo lekuvunyelenwe ngayo kube kutsi tonkhe tindzawo temphakatsi tingazuza ku-DH. Ematfuba e-DH ekwakhiweni kwemitfombolusito kwentelwa futsi kwentiwa yimiphakatsi levalelwa ngaphandle angeke kwavetwa nakakhulu. Imphendvulo lenye icacise

letinzuzo letikhona te-DH kubafundzi (kusuka esikolweni semabanga lasetulu netikhungo temfundvo lephakeme) kanye nemitapomabhuku. I-DH ikhutsata kulondvolotwa kanye nekwentiwa idijithali kwelwati, ngaloko kuholele ekwakhiweni kwemitfombolusito lekutawuzuzo kuyo imitapomabhuku nebafundzi. Loku kuhambisana kahle nalesitatimende sasekucaleni lesiphatselene nekwenza lucwaningo lobelungafinyeleleki phambilini lufinyeleleke kubantfu labanyenti.

Umbuto wesitsatfu lobutwe sisebenti ngasinye kutsi yini lokukhutsatoko nobe lokutfokotisako nge-DH. Timphendvulo kulonambuto betiya ngemuntfu ngamunye, lapho labanye bacacise incenye yekonga sikhatsi yekusebentisa tindlela te-DH. Labanye bavete lesimo sekuba nemikhakha leminyenti kanye nenkhululeko lefika nekutsatsa indlela ye-DH. Lombuto lona ubonakala ukhulume nemalunga elicembu ngetindlela letehlukene, njengobe letimphendvulo betisuka kutinzuzo letisebentako kuya kutinzuzo emmangweni netemuntfu matfupha. Letimphendvulo tiniketa lwati ngetindlela letisetjentiswa bantfu labehlukene ku-DH, futsi imphele kuyakhutsata kubona lokwehlukahlukana. Lenye imphendvulo ifanise

i-DH ne "lithende lelikhulu", ngekubuka letimphendvulo letichazanako futsi letesekelanako.

Kwekugcina, wonkhewonkhe wacelwa kutsi abuke kulebhola yengilazi afise kwati kutsi ulibonaphi likusasa lakhe ku-DH e-Afrika nasemhlabeni wonkhe. Ingcikitsi lebekhona kutimphendvulo temalunga, kube kukhula. Letimphendvulo betifaka ekhatsi tihloko letinjengekutfufukisa emakhono, kugcila ngco, kucwanginga ematfuba lamasha kanye nekwenta umkhakha welucwangingo ufinyeleleke kulabanyenti.

Kube khona futsi nekuphawula lokucacisiwe kwekuletsa i-Afrika embili ku-DH, kunekuyekela i-Afrika njengalecatjangwa kamuva. Kungumtumbo lonesicinisekiso lokhutsatoko kubona letinhlelo leticacako futsi letinemaphupho tebalingani eSADiLaR lophatselene nelikusasa le-DH. Akungabateki kunyenti lekumele kucatjangisiswe lapha.

LUHLELO LWE-ESCALATOR

I-ESCALATOR iluhlelo lwavelonkhe loluhlose kwandzisa umphakatsi lofaka ekhatsi wonkhewonkhe futsi lokhutsele kusebenta ku-Digital Humanities (DH) kanye ne-Computational Social Sciences (CSS) eNingizimu Afrika. Nanobe lomtamo wakhiwa i-South African Centre for Digital Language Resources (SADiLaR), itawuniketa inkhundla yekwabelana ngelwati lwemikhakha leminyenti lapho bonkhe labatsintsekako bemukelekile kutsi bafake ligalelo, bahlanganye futsi babonise umsebenzi wabo. Loluhlelo lutawuvulelwa bacwangingi labasafika kanye nalabatfufukile kumikhakha ye-DH ne-HSS.

Lomtamo utawuniketa ematfuba kubantfu labanenshisekelo kulemikhakha kutsi batfole lwati, bachumane nabontsanga bendzawo nabakulamanye emave, bafundze futsi babelane ngemakhono.

Yinye yetisekelo letimcoka te-ESCALATOR Ngumtamo weDijithali Wabomphetsa, lotawuletsa ematfuba ekufundziswa kubacwangingi nebafundzi labanenshisekelo yekuba baholi belucwangingo lwedijithali

miphakatsini yabo. Lomtamo utawuvulela labo labanesipiliyoni lesincane ku-DH ne-CSS kutindlela tesimanje telucwangingo ngelusito lwabosolwati nabontsanga. Bantfu labanenshisekelo batawumenywa kutsi baletse tiphakamiso temklamo lomncane lebatwusebenta kuwo ngaphasi kwebuholi balo (balaba) fundzisako. Ngalesikhatsi, batawufundza emakhono edijithali angcondvomshini laphatselene nemiklamo yabo

Uma ungatsandza kuphendvula lena nobe leminyane imibuto nge-DH, tive ukhululekile kuchumana natsi.
